

No-cost extension of preparatory  
grant for the Republic of Cameroon

**Adopted by email on 30 March 2018**

**EB.2018.05**

Considering that the finalization of the national investment framework and the subsequent negotiation of a letter of intent might take longer than the current end of the program (June 30, 2018), the Executive Board agrees to a no-cost extension until December 31, 2018.
